

Job Opportunity Registered Nurse III Infection Control

Olive View-UCLA Department of Infection Control is seeking highly qualified individual who is interested in working for the Infection Control Program. This position reports directly to the Director of Infection Control.

Responsibilities include but are not limited to:

- Conduct targeted surveillance and special studies
- Analyze quarterly hospital acquired infection data, tabulate rates and prepare reports for the Infection Control Committee
- Monitor compliance of hospital personnel to relevant Infection Control policies and procedure
- Provide Infection Control orientation to new employees
- Consult with all hospital departments on Infection Control-related issues
- Provide Infection Control guidance to Employee Health Services
- Report communicable diseases and acting as a liaison with the Public Health Department
- Communicate effectively with staff (nursing, physicians, ancillary departments, etc.) regarding pertinent Infection Prevention/Control concerns and develop collaborative solutions (includes regular multi-disciplinary rounds)

Desirable Qualifications:

- Excellent verbal and written communication skills
- Self-motivated, good team player
- Knowledge of statistics and epidemiology
- Ability to work independently
- Ability to handle a number of assignments simultaneously

Candidates must currently be a permanent County of Los Angeles employee who holds the payroll title of Registered Nurse III to be considered for a lateral transfer or a reachable candidate on the DHS certification list to be considered for a promotion or as a new hire. Resumes will be accepted until the needs of the department are met.

Interested applicants, please submit a copy of your resume, performance evaluation and your attendance documentation (if applicable) for the past two years to:
